### Curriculum Activities

As this is a very short half term with two 4 day weeks for the children, we have decided to use the time to provide the children with a range of additional curriculum experiences. In this, the following three weeks will each have a focus.

Week beginning 5<sup>th</sup> May: Religions, Values and Ethic Week

Week beginning 12<sup>th</sup> May: Expressive Arts Week

Week beginning 19<sup>th</sup> May: Health and Wellbeing Week

The morning sessions of these weeks will remain focussed on literacy and numeracy development. During the afternoon sessions we will be working together as a whole school to enhance the children's knowledge and skills in the above focus areas. All children in school will have opportunity to work with children from different classes and different staff members across the school. We will also be utilising some external agencies to supplement their learning. As always, we aim to make the learning fun and exciting for all pupils in school.

Should you have any questions about any of the above information, please do not hesitate to contact me.

Yours sincerely,
